Week Four: "The Tribulation"

GROUP DISCUSSION QUESTIONS

Getting Started (10 Minutes)

- Do you struggle with God allowing personal, national, or environmental disasters to occur? Why or why not?

Digging Deeper (25 Minutes)

- What do you find to be the most terrifying events of the Tribulation? Why?
- What do the events of the coming Tribulation tell you about God's view of sin and justice?
- What events of the coming Tribulation, demonstrate God's grace and love?
- What affect should the events of the coming Tribulation have on believers of Jesus Christ today?

- Why do you think that after all the efforts of God to offer salvation and deliverance from sin, judgment, death, and hell, that some people refuse to repent and acknowledge Him as God?

Wrapping Up (10 Minutes)

- The Tribulation will be greater than any other tribulation that man has ever experienced. Our current trials and tribulations are precursors to the Great Tribulation. They give us a very small taste of the Tribulation to come. However, they are real and painful as you go through them. Is there some difficulty, trial, or tribulation you are going through right now that the rest of the group could pray with you about?
- In your prayers together, make sure to thank God for the promise that He will “deliver you from the wrath to come.”
